Dear Sir or Madam,

This letter is in request for a waiver for the 2-year home residency requirement based on “No Objection Letter” that will be obtained from my home country. The reasons I would like to stay in the U.S. are the followings:

I have been in the U.S.A. since February XX, 1995. I completed my Masters and Ph.D. degrees in the U.S. and now I am on my Academic Training. I am employed by XXXXXX University, as an Assistant Research Scientist at Agricultural Experiment and Extension Center in Amarillo, Texas. I am specializing in the most promising trends of science, art, and cutting-edge technologies of Natural Resources, Precision Agriculture, Geographic Information Systems, and Remote Sensing. My employer filled this position by hiring me, at least, the next five years because not only my expertise suits well the responsibilities and duties of the position but also providing funds by writing grant proposals in the above mentioned fields of study for the future. In addition, I have understood that there is an excellent teaching environment along with the other research and educational possibilities in the U.S. There are enough information sources (scientists, libraries, journals, internet etc.) accessed easily to perform significant scientific work. I strongly believe that I have been and will be gaining excellent teaching and research experience and knowledge in such atmosphere. Moreover, I have been contributing all my knowledge, passion, enthusiasm, experience, and novel and unique approaches to my current research and work environments.

I applied for the No Objection Letter on 11.09.2002 and my embassy will directly provide you “No Objection Letter” issued for me.

I would like to thank you in advance for the time you have spent reviewing this letter and the accompanying material and your kind consideration. I will gratefully appreciate your support and assistance for waiving of my two-year home country residence requirement.

Sincerely,
